**...One of a Kind...
...Charming...Gracious...Tasteful...**

... Are usually real estate clichés, but not in this case. With the understated elegance of a French country estate, this property has an historic past. Built on the footprints of two mid-1800's barns (the original stonework and beams accent the home) by a Cornell executive, it became a 3,000 sq. foot residence on 4.5 acres in the 1930's. All restorations and improvements have been done with top quality materials and in a manner to preserve and enhance the unique character of this impressive home. Wood and slate floors, gardens, stone walls, patios and walkways, and views of the pond all add to the charm. A wonderful flow, a kitchen designed for entertaining, an unusual blend of privacy and convenience just 6 minutes from campus, and suitability for horses, make this an opportunity not to be missed. 1,000 sq. feet of space has been used as a two-story office with private entrances, separate bathroom, and sophisticated phone system without losing the wonderful character of this home. Call for a visit.
